AYER'S
CHERRY PECTORAL,
For the rapid cure of Coughs, Cold, Hoarseness, Bronchitis, Whooping-Cough, Croup, Asthma and Consumption.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, CHERRY PECTORAL is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs. Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

PERRY CO. WARM SPRINGS.
THE proprietor of this pleasant and delightful Watering Place, feeling highly gratified with the success which has attended his management of the above establishment during the two past seasons, has increased his efforts to render the place and accommodations still more inviting and comfortable by adding a large building to the same.
The Warm Springs are situated in Perry county, Pa., on Sherman's Creek, one of the healthiest situations in the State. These Waters are well known for their excellent medicinal qualities, and for the permanent cures of scrofula, Tetter, and all eruptions and diseases of the skin.
The Springs are accessible by the Central Railroad to Duncannon, where a coach will always be in readiness, on the arrival of the cars from the East, to convey passengers who desire to visit the Springs, 14 miles N. W. of Duncannon. All persons leaving Philadelphia in the morning train of cars can arrive at the Springs early the same evening. The coach will commence running daily on and after the 1st day of June next, and continue during the season, leaving the Springs every morning so as to reach the cars going East. There will also a coach be run daily from Carlisle, by Mr. Hendle, on the arrival of the cars from the East, for the Springs, the distance being 14 miles—the route passing by the Carlisle Sulphur Springs, and Sterrett's Gap, and affording one of the most delightful views of the Cumberland Valley to be found.
All Communications for the Warm Springs should be directed to Duncannon P. O., and will then arrive at the Springs daily.
The terms for boarding will be moderate, and every attention paid to those who may be pleased to pay him a visit during the season. Ample provision has been made for gymnastic exercise and pastime amusements, while Sherman's Creek affords delightful fishing, as well as sailing in boats.
The subscriber has the pleasure of referring to the patrons who favored him with their company the past seasons, among whom are—

WHITE MOUNTAIN STATION HOUSE,
PEABODY RIVER—GORHAM, N. H.
THIS capacious and elegant establishment, erected expressly to accommodate travellers to the WHITE MOUNTAINS, is situated on the line of the Atlantic and St. Lawrence Railroad, and at the immediate base of the White Mountain range, on the northeast side.
The House is but FOUR HOURS ride distance from Portland, and NINE HOURS from Boston, by daily Railroad Trains over the Eastern, Boston and Maine, and Atlantic and St. Lawrence Railroad.
An excellent public highway, suitable for CARRIAGES of all descriptions, extends from this House, seven miles up the Valley of Peabody River to eastern base of MOUNT WASHINGTON. At this point a convenient public house is now open for the accommodation of person ascending the Mountains. The actual ascent on this side can be accomplished with more facility and expedition than from any other quarter.
Tourists and artists of the most competent taste, have pronounced the scenery upon the northern and eastern sides of the Mountains, to be much more wild, rugged, and truly Alpine, than any presented on the other sides. Pedestrians can make the ascent of Mount Washington from Peabody River, and return in from six to eight hours.
To facilitate the ascent, a safe and convenient bridle path is opened to the summit of Mount Washington. The numerous Mountain Streams and Lakes in the immediate vicinity abound in trout. Six miles north of the House, upon the line of Railroad, and accessible also by a carriage road, are the celebrated BERLIN FALLS, on the Androscoggin, the most remarkable cataract in New England.
Passengers are landed from the cars directly at the House. The Railroad train from Boston and Portland, every day, will afford constant communication to and from the Mountains.
A LINE OF TELEGRAPH extends to the House, by which despatches can be transmitted to all parts of the country for the convenience of visitors.
LONGLEY & Co.'s STAGES connecting with Railroad at this House, run TWICE DAILY, between the Station House at Gorham, and Fabyan's and Gibbs' Houses, on the west side of the Mountains. This road has been made a safe and easy road, and passes over CHERRY MOUNTAIN, and along the base of MOUNT ADAMS AND JEFFERSON.
The House is large and commodious, constructed with great regard to architectural elegance, and with all the conveniences of a FIRST CLASS HOTEL. It has ONE HUNDRED AND FIFTY ROOMS, and is newly and thoroughly finished throughout.
Families can be accommodated with suites of rooms.
The Proprietors having leased the House for a term of years, will do all in their power to promote the comfort and pleasure of their guests, and can promise a well supplied table, and clean and well ventilated rooms, at moderate charges. In connection with the House, is a large LIVERY STABLE, where good horses and carriages, and saddle-horses, will be furnished at all times.
Also, good Bathing rooms for the convenience of visitors. J. R. HITCHCOCK & CO.

☞ Saturday was an amusing, an exciting and yet a melancholy day in Newport. At the liquor stores no business was transacted except the sale of liquor, and it was almost impossible to execute all the orders, so numerous were they.—Some of the dealers sold out entirely.—The great rush was around the store of Newton Brothers; they were recieving and filling orders inside, with the greatest despatch, as rapidly as a dozen men could possibly do the immense business. These noble-hearted, whole-souled and generous fellows, the Messrs. Newton, who know not the definition of the word *meanness*, and whose charities are always as liberal as their business is extensive, placed a large number of casks, filled with all kinds of liquors, in front of their store, and during the whole day gave away liquor to deserving poor people who were unable to purchase even a small quantity to be used in case of sickness, &c. They placed suitable men at the casks who dealt out the liquor with judgment and discretion to those who needed it; this generous act will long be remembered by hundreds of poor people, who will over and over again breathe blessings upon the heads of the Messrs. Newton for their kindness and humanity. They commenced giving away at sunrise and continued it until sunset, thus disposing of many hundred gallons of liquor. Would that we could record such acts of generosity, even in another way, on the part of some of the Maine Law men. And still the scenes of Saturday were melancholy. It was sad to see men who are noted as rabid advocates of the Maine Law, laying in supplies of liquor. If they are and have been honest in their professions, why do they supply themselves with such *miserable poison!*—Why do they carry such *infernal drugs* into their families? We have been charged with endeavoring to create a prejudice against the Temperance people. The charge is unfounded in fact. We simply desire to utter the truth.—We have stated that rabid Maine Law men have laid in supplies of liquor, and that Sons of Temperance have also supplied their wants, and that there are now charges upon the books of some of our liquor dealers against the most furious Maine Law men, aye, and Sons of Temperance also, for liquor. This has been denied. But we reiterate the assertion and we defy contradiction. We care nothing about the matter, personally, or how much liquor any of these gentlemen lay in; on the contrary, we think that their conduct in this matter is the only evidence of sanity, as regards this question, which they have evinced in a long time,—for their acts plainly show that they see the folly of their course, and they rush to the flowing stream to secure potations before the source is choked and the channels are dry. Don't let us hear any more cant from these Maine Law men—we know all about the matter; on Saturday last, and previous to that time, we saw demijohns, jugs, &c., in the different liquor stores, marked with the names of the purchasers who are rabid Maine Law men—we saw these articles purchased, in a sly manner, and we saw some of them delivered. We made it our especial business to investigate this matter, and to possess ourselves of the facts and the proof, because we have been severely berated for our previous assertions. We now reiterate them, and we have the evidence of all that we have said, and a vast deal more. It is none of our business or that of the public as to *who* purchases, or what quantities they obtain; that is a matter exclusively between these gentlemen and their own consciences. But the general fact that such men have purchased, is our business, as an opponent of the Maine Law; as such, and as a public journalist, we have a right to avail ourselves of all such evidence to show that at least some of these Maine Law men are not honest in their professions—that they practice one thing and preach another. We have not time to say more at present; but at a future day we shall resume the consideration of this subject, and comment upon the Maine Law, its operations, and what will be the result of the whole matter.

☞ The Catholic Church of the Holy Name of Mary, our Lady of the Isle, will be opened on Sunday next, 25th inst.; services to commence at 10 o'clock, A. M.

The Church, not being entirely completed, will not be consecrated, but blessed, or, what is generally termed, dedicated. This opening becomes necessary in consequence of the Church on the Hill being too small to accommodate the increase of members. On this occasion there will be music, a pontifical mass, sermon, &c.

To accommodate there who are really interested, tickets have been provided, as the House, though otherwise large, would be filled by the curious alone. These tickets may be had by those sufficiently interested to pay one dollar towards this ornament of our town, of Mr. Mahony, at the Vestry of the Church, at any time previous to Thursday evening. All who are not provided with tickets by that time, will probably be too late to secure seats.

It is one of the most beautiful Churches in New England, and we have no doubt but that it will be filled on this interesting occasion.

☞ His Honor Mayor Barstow, of Providence, arrived at the Bellevue House on Saturday; about noon he took a walk down street and for a while witnessed the gay scenes around the store of the Messrs. Newton, and appeared to enjoy the fun as much as any one.—Neal Dow ought to have been there, and then the picture would have been complete, and terrible tears would have been shed.

☞ Raymond, of the New York Times, has been speaking severely and disrespectfully of Lola Montes, and applying various harsh and unpleasant epithets in regard to her. The fair Countess, with characteristic spunk, addresses a letter to her reviler, in which she cuts right and left, and tells him that if he does not retract and apologize, she shall prosecute; if it was our case, we should apologize, certainly.

We understand that Lola is to visit Newport very soon; she will probably create some sensation here.

☞ Among the arrivals at the Ocean House we notice our friend Col. Isaac Munroe, editor of that Staunch old Whig paper, the Baltimore Patriot.

We had a delightful rain Saturday, which relieved the parched earth, and cooled the hot air.

☞ 6000 Persons have attended Mr. Bullard's Panorama of New York City during the ten days it has been on exhibition here.

M. Sartiges, the French Minister, will leave Washington on the 20th for this place, where he has taken a cottage for the summer.

☞ The Woonsocket Patriot appears in a new dress; we are glad of this evidence of the prosperity of our friend Foss.

An adjourned Term of the U. S. Circuit Court will commence to-day in this town; theres is a very important Patent cause to be tried. Judge Curtis does not sit in the trial, as he was formerly counsel in the case.

Kossuth seems to have taken his departure not only suddenly and unexpectedly, but almost secretly. The Journal of Commerce states that his name was not among the passengers of the Africa, in which he sailed. The Commercial Advertiser, referring to the indifference of the public in regard to the Hungarian's movements, says: "Nothing could be more obvious than that every spark of enthusiasm kindled by M. Kossuth's European reputation has been extinguished by his course in this country."

☞ We have several manuscripts before us that suggests the propriety of referring all careless writers to the advertisement of PROFESSOR BRISTOW, the skilful and gentlemanly teacher, at the Masonic Hall, in Church St. Mr. B. is unsurpassed, in giving to his Pupils a beautiful, fine, rapid, graceful style of Penmanship in a course of lessons, eradicating the most unsightly, cramped Hand, at a trifling cost. Certainly with such avaible facilities, no one, of either sex, youth or age, can have any apology for not being able to write intelligibly. It is to be hoped our citizens and visitors, who wish to secure his valuable services, will give Mr. B. an early call, for his stay in Newport is short.

Mr. Clay's remains were placed in a vault where they will rest until Autumn, when they will be removed to the family lot, in the same Cemetery, at which time the foundation of a monument will be laid by the citizens of Lexington; they intend to invite Daniel Webster to deliver an oration on the occasion.—What a theme and what an orator!

BY TELEGRAPH.

WASHINGTON, July 15.

I have this evening learned that Mr. Lawrence has had an informal correspondence with the President on the subject, that his official resignation is now on the way to this country—that Mr. Webster has been offered the place, and that he will give an answer probably an acceptance, in a few days, and not return to Washington at all hereafter.—It is thought here that Mr. Webster will not accept any nomination for President.

CINCINNATI, July 16.

The Will of Mr. Clay was presented to Court on Monday last, and admitted to record. It is drawn by his own hand, and bears date July 16, 1851. It relates almost entirely to the disposition of his estate among the members of his family, the only exception being that which relates to his slaves, providing that children of his slaves born after the 1st of January, 1840, be liberated and sent to Liberia, the males at the age of 28 and the females at 25, three years earnings prior to their emancipation to be reserved for their benefit, for the purpose of fitting them out; and prior to removal they are to be taught to read, write and cypher. Slaves in being before 1850 are bequeathed to his family. Ashland is left to Mrs. Clay, for her sole use and benefit during her life, and after her death to be sold, and the proceeds to be divided among his children.

The only specific devises outside of his own family, are, to Dr. D. W. Dudley, the gold snuff-box presented by Dr. Hunt, late of Washington; to Henry T. Duncan, a ring, containing a piece of the coffin of Washington; to Dr. W. N. Mercer, a snuffbox said to have belonged to Peter the Great.

Mrs. Clay is appointed executrix, and Hon. Thomas A. Marshall and Jas. O. Harrison executors of the will, with a provision that no security shall be required of either.

CINCINNATI, July 14.

It is estimated that the number of persons present during the procession at Lexington, Ky., on Saturday last, amounted to between 30,000 and 40,000, and the horses and carriages present, if put in a line, would have extended a distance of 25 miles.

NEWPORT AND ITS HOTELS. — It has been repeatedly and pertinaciously stated that Newport was deserted this season, in consequence of the passage of the Maine Liquor Law, by the Rhode Island Legislature—a law, by the way, which does not take effect even nominally, until the 19th instant.

Having occasion, a few days since, to engage State Rooms in one of the Fall River Steamers, for a large party, bound for Newport, we were not a little surprised at the immense crowds eastward bound. We found most of the state rooms on board these magnificent steamers taken up for several days in advance; and learned from the officers that they were landing an unusually large number of passengers at Newport, daily.

This morning we have recieved a private letter from Newport, from a perfectly reliable Correspondent, informing us that there are now *Five Hundred guests at the* Ocean House, and the daily arrivals are overflowing the town. We also learn that this delightful Watering place was never more full, fashionable and gay. The Germania Band, at the "Ocean," performs nightly, to a brilliant saloon full of dancers. Madame Bishop is about to give Concerts there; Ole Bull and Jaell are on the way; and the "Swan of Erin," and Madame Alboni will be there before the close of the season.

In reply to our friend's polite invitation to "come and see for ourselves," we assure him that we cannot resist his attractive invitation. As for the "Maine Law," our Correspondent says "it will only make the wine taste better;" on the principle, we suppose, that "stolen fruit is always the sweetest."—*N. Y. Mirror.*

ORIGIN OF THE WORD "BLACKGUARDS."—In all great houses, but particularly in royal residences, there were a number of mean and dirty dependents, whose office it was to attend the woodyard, sculleries, &c. Of these (for in the lowest depth there was a lower still,) the most forlorn wretches seem to have been selected to carry coals to the kitchen, halls, &c. To this smutty regiment, who attended the progresses, and rode in the carts with the pots and kettles, which, with every other article of furniture, were then moved from palace to palace, the people in derision gave the name of *blackguards*—a term since become sufficiently familiar, and never before properly explained.—*Gifford's Notes to Ben Jonson's Plays.*

SAD.—To kiss a rosy cheeked girl, and find your mouth filled with Venetian Red, and she growing pale on it, is truly an awful thing.

A Distinguished French Exile.—Among the passengers who sailed from New York on Saturday, in the steamer Cortez, for Rio, was Vice Admiral Zerman, a highly accomplished French officer, who commanded the Frigate Belle Poule to St. Helena and back to France, with the remains of Napoleon, and who afterwards, in the same ship, with the Prince de Joinville, visited New York. He is now exiled from France by Louis Napoleon. His often waces that of visiting, in England, the family of Louis Philippe, in their retreat at Clarmont, and manifesting sympathy in their misfortunes.

AMERICO-BOHEMIAN GLASS.—A recent visit to Boston gave us an opportunity of visiting the New England Glass-Works, which, for the extent and variety of their operations, probably surpass all others in the country. We were especially struck with the fact new to us, that most of the exquisite, richly colored and decorated glass ware, which is so much admired under the name of "Bohemian Glass," is manufactured at these works. The variety and beauty of the articles manufactured there would scarcely be credited by one not a visiter; but we can assure our readers that we saw many works that could not be surpassed in Bohemia or any where else in Europe. The various processes by which the different colors and the rich gilding are produced, we are not prepared to describe; but they are produced at these works in the utmost perfection. The company has the advantage of a charter and large capital, which enable them thus to compete successfully with foreign manufacturers in this work; Massachusetts having none of that holy horror of corporations which has retarded so much the development of manufacturing industry in our own State. Those who wish to be convinced of the beauty and elegance of the productions of these works, can do so by calling on Mr. W. B. Muzzey, in Minor street, who is the Philadelphia agent.—*Phil. Bulletin.*

SINGULAR DEATH OF A BOY.—Thomas Larkin, 13 years of age, while bathing in the river at Winsor Locke, was heard to utter a cry of pain, and sink with a backward motion as if drawn under. The boy who was with him saw him sink, raised an alarm, and Mr. Wm B. Turpin, of Springfield, who was at work in the vicinity, immediately proceeded to the spot and dove in after the little fellow. He found him about 20 feet from the spot where he was seen to sink, lying on the bottom, with his face downward. When taken from the water he was dead, and upon examination the fleshy part of his leg appeared to have been bitten as if by a large fish. Upon one side were seven incisions to the depth of three quarters of an inch, and six upon the other. They were evidently made by the teeth of a fish, but of what kind is a question.—*Springfield Post, 16th.*

From the Hon. SOLOMON FOOTE, Member of Congress from Vermont.

WASHINGTON, D. C., June 1, 1846.

Dr. Geo. B. Green—Dear Sir.—In your note of this morning, you ask "for an expression of my opinion in regard to your medicine, called Oxygenated Bitters." It affords me pleasure to state, that from the experience I have had, in its curing a severe attack of Dyspepsia in my own family, and from the wonderful effects which it has produced in other and more severe cases, arising in families of members of Congress, with whom I am acquainted, I think it an *invaluable* medicine, and hope that such circulation will be given to it as will bring it within the reach of all who are afflicted with that distressing malady. Respectfully yours, S. FOOTE.

The pamphlets accompanying the medicine abound with certificates of the most satisfactory character, and such as will convince the most incredulous, that it is invaluable as a cure for Dyspepsia, Asthma, General Debility, Bronchitis, Nervousness, &c., &c., They can be had of the Agents gratis.

20,000 PERSONS CURED
NO RELIEF, NO PAY!

THE Public are respectfully informed that Dr. Tobias has adopted the above as his motto since he has introduced his invaluable

VENETIAN LINIMENT,

On sale in the United States—now over three years.

☞ During that period, every bottle sold has been warranted to give RELIEF, if used according to the directions, or the money would be refunded; and no Agent was allowed to have on sale without he would warrant it.

THOUSANDS OF BOTTLES

Have been sold, and NOT ONE IN A THOUSAND HAVE BEEN RETURNED!

"Wherever it has been introduced, it has superceded every other Liniment, and with scarcely any advertising, has quietly won public confidence. Now, there are hundreds of families that are never without it. This has been done by private recommendation, chiefly from those who have been cured by it of obstinate Diseases,—when *every other remedy has proved ineffectual.*

Many persons have said, on reading my pamphlet, that it CURES TOO MANY COMPLAINTS; but I have replied, "Use it according to the directions, and if you do not get relieved, your money will be returned." More I cannot say: for if I confer no benefit I ask no remuneration. All that is asked is a fair trial; then I am assured there will be no dissatisfaction.

IT IS WARRANTED TO CURE

Cholera, Colic, Dysentery, Cramp, Vomiting Sea-sickness Chronic Rheumatism, Sore Throats, Cuts, Burns, Chilblains, Swellings, Old Sores, Bruises, Coughs, Croup, Mumps, Chapped Hands, Wens, Corns, Musqueto Bites, Warts, Palpitation of the Heart, Weakness in the Limbs, Back, Chest, Pains in Joints, Hemorrhage, &c.

Thousands of certificates can be seen at the depot.

☞ Full directions wrapped up with every bottle.

LADIES

can find no article that will so quickly and harmlessly remove Pimples and Blotches from the Neck, Face and Hands.

CROUP,

which carries off hundreds of children annually, can be averted by the timely application of the Venetian Liniment. If parents would observe their children, and when the eyes are heavy, or the breathing slightly thick, they would rub the neck and chest well with the liniment, they never would have to suffer that distressing complaint.

CHRONIC RHEUMATISM,

it cures as certainly as it is applied. But inflammatory requires the aid of a physician as internal treatment is requisite.

Persons suffering from Weakness or Pains in the Back, Chest or Limbs, will find relief in a few applications of this Liniment. It opens the pores, besides strengthening the muscles.

TOOTHACHE is cured by it in a few minutes.

VOMITING is immediately stopped by it, and when the stomach will not retain medicine or food, take 20 drops of liniment in half a wine glass full of water—then nothing will be objected.

CHOLERA and DYSENTERY were cured in hundreds of cases, when last in this country, by the timely use of this liniment.

It is also warranted superior to any thing else to alleviate and cure

CUTS, BURNS, OLD SORES, SWELLINGS, &c.

☞ Depot No. 228 Greenwich street, New York.

Price 25 and 50 cents per bottle.

This Liniment is an internal as well as external Remedy, and is warranted harmless.

See that every Bottle has Dr. Tobias' written signature, as no other is genuine.

FACTS FOR THE CANDID—PLEASE READ THE FOLLOWING LETTER.

To DR. WEAVER, New London, Conn.

This is to certify that I, the undersigned, have been afflicted more or less with sore legs for three years or more, not deep, but on the surface, and discharged a thin watery substance. I have tried many kinds of medicine, and recieved all kinds of prescriptions, which were offered as well from Quackopathy, and Allopathy, as Homeopathy; and still to little or no purpose. Sometimes they would appear some better for a few weeks, and then worse again, until I finally began to be somewhat discouraged. About this time I saw a certificate in a newspaper, signed by the Hon. Joel Loomis, of East Lyme, Ct, setting forth his case, and the benefits he had recieved from your Syrup; but I was still incredulous, until I wrote him a letter making the necessary inquiries, and when I recieved his answer, which appeared to be so candid, and he detailed his case, (which was a bad one) so minutely, and advised me to try it, that my confidence became pretty strong. I immediately obtained of your agent in Taunton, Mr. B. D. Dunbar, a bottle of your Syrup, and a box of Cerate, and went to work according to directions, and in about a fortnight I perceived a considerable improvement. This was the first of last October, and in January they were all healed up smooth and sound, and remain so still. And now as it respects my case, it would be very difficult for me to name a sum of money to make me willing to be placed back again as I was last October, and I would advise all who are afflicted with the like disease, to obtain immediately some of Dr. Weaver's Syrup, and go to work with it. You may not recieve so much benefit from it as I have, but it will do you no harm if it does you no good.—The world is full of what is called quack medicine, but after all, there is some of your so called quack medicine that is a sovereign remedy for some diseases, and the best way to know is to try and see for yourself. Necessity compels a man sometimes to throw all his prejudices to the wind, and to try medicine which he has heretofore despised and ridiculed, and also Doctors—and is necessitated at last to put his hand on his mouth, and his mouth to the dust. My age is seventy-one years.

Yours Respectfully,
Taunton, March 20th, 1852. SETH FREBERRY.

N. B.—I do not mean to stigmatize the above named medicine, as I understand that Dr. Weaver is a regular bred Physician of the old School. j14

WHITE MOUNTAIN STATION HOUSE.
PEABODY RIVER—GORHAM, N. H.

THIS capacious and elegant establishment, erected expressly to accommodate travellers to the WHITE MOUNTAINS, is situated on the line of the Atlantic and St. Lawrence Railroad, and at the immediate base of the white Mountain range, on the northeast side.

The House is but FOUR HOURS ride distance from Portland, and FIVE HOURS from Boston, by daily Railroad Trains, over the Eastern, Boston and Maine, and Atlantic, and St. Lawrence Railroad.

An excellent public highway, suitable for CARRIAGES of all descriptions, extends from this House, seven miles up the Valley of Peabody River to eastern base of MOUNT WASHINGTON. At this point a convenient public house is now open for the accommodation of person ascending the Mountains. The actual ascent on this side can be accomplished with more facility and expedition than from any other quarter.

Tourists and artists of the most competent taste, have pronounced the scenery upon the northern and eastern sides of the Mountains, to be much more wild, rugged, and truly "Alpine" than any presented on the other sides. Pedestrians can make the ascent of Mount Washington from Peabody River, and return, in from six to eight hours.

To facilitate the ascent, a safe and convenient bridle path is opened to the summit of Mount Washington. The numerous Mountain Streams and Lakes in the immediate vicinity abound in trout. Six miles north of the House, upon the line of Railroad, and accessible also by a carriage road, are the celebrated BERLIN FALLS, on the Androscoggin, the most remarkable cataract in New England.

Passengers are landed, from the cars, directly at the House. The Railroad train from Boston and Portland, every day, will afford constant communication to and from the Mountains.

A LINE OF TELEGRAPH extends to the House, by which despatches can be transmitted to all parts of the country for the convenience of visitors.

LONGLEY & CO.'S STAGES connecting with Railroad at this House, run TWICE DAILY between the Station House at Gorham, and Fabyan's and Gibbs' House, on the west side of the Mountains. This road has been made a safe and easy road, and passes over CHERRY MOUNTAIN, and along the base of MOUNT ADAMS AND JEFFERSON.

The House is large and commodious, constructed with great regard to architectural elegance, and with all the conveniences of a FIRST CLASS HOTEL. It has ONE HUNDRED AND FIFTY ROOMS, and is newly and thoroughly furnished throughout.

Families can be accommodated with suites of rooms.

The Proprietors having leased the House for a term of years, will do all in their power, to promote the comfort and pleasure of their guests, and can promise a well supplied table, and clean and well ventilated rooms, at moderate charges. In connection with the House, is a large LIVERY STABLE, where good horses and carriages, and saddle-horses, will be furnished at all times.

Also, good Bathing rooms, for the convenience of visitors. J. R. HITCHCOCK & CO.

FERRY CO. WARM SPRINGS.

THE proprietor of this pleasant and delightful Watering Place, feeling highly gratified with the success which has attended his management of the above establishment during the two past seasons, has increased his efforts to render the place and accommodations still more inviting and comfortable by adding a large building to the same.

The Warm Springs are situated in Perry County, on Sherman's Creek, one of the handsomest streams in the State. These Waters are well known for their excellent medicinal qualities, and for the permanent cures of scrofula, Tetter, and all eruptions and diseases of the skin.

The Springs are accessible by the Central Railroad to Duncannon, where a coach will always be in readiness on the arrival of the cars from the East, to convey passengers who desire to visit the Springs, 11 miles N. W. of Duncannon. All persons leaving Philadelphia in the morning train of cars can arrive at the Springs early the same evening. The coach will commence running daily on and after the 1st day of June next, and continue during the season, leaving the Springs every morning so as to reach the cars going East. There will also a coach be run daily from Carlisle, by Mr. Hendle, on the arrival of the cars from the East, for the Springs, the distance being 14 miles—the route passing by the Carlisle Sulphur Springs, and Sterrett's Gap, and affording one of the most delightful views of the Cumberland Valley to be found.

All Communications for the Warm Springs should be directed to Duncannon P. O., and will then arrive at the Springs daily.

A CERTAIN CURE FOR SUMMER COMPLAINTS.

BIGELOW'S ALTERATIVE.—A CERTAIN CURE FOR DYSENTERY, DIARRHOEA, CHOLERA MORBUS; and all Summer complaints.

Price, 60 cents.

GEORGE W. BLEECKER, Proprietor.
New-York.

This may certify, that I have tested the virtue and efficacy of "Bigelow's Alterative," and find it to be a safe and efficacious remedy for those very painful and often fatal diseases which at different periods affect, both old and young, viz: Dysentery Cholera, Morbus, &c. Believing it to be a valuable medicine in the above cases, cheerfully recommend it to those who may have the misfortune to be afflicted with Dysentery and the like, and having given it a fair trial in my own practice, which served admirably the purpose for which it was given; I feel no hesitancy in giving it my sanction as a safe and valuable medicine.

L. B. WRIGHT, M. D.
61 McDougall street.

I have used "Bigelow's Alterative," in my family and have never found it to fail, when all other remedies administered by, and under direction of Physicians have proved ineffectual. I think it a perfect corrective for Dysenteric and all bowel complaints.

GEO. W. BEEBEE,
New-York, March 22, 1852. 47 Wall street.

We can add our testimony to that of others of its great efficacy in our own case, when prostrated to an alarming degree by Bowel disease. It was the only medicine that gave relief, and, one now always kept in the family.

WILBOR'S COMPOUND OF
PURE COD LIVER OIL AND LIME,

A CURE FOR CONSUMPTION, COUGHS, COLDS, ASTHMA, BRONCHITIS, GENERAL DEBILITY AND ALL SCROFULOUS HUMORS.

THE proprietor has succeeded (from directions of Professor Stone, in combining the Oil and Lime so perfectly that the taste of the Oil, which is so nauseous, to persons generally, is entirely overcome, and it can be taken by the most delicate females with pleasure. And as regards the benefit of this article over the clear oil, the following case, by Professor Stone, is sufficient to convince the most sceptical. The young lady was 21 years of age.

Her disease was one of confirmed phthisis, which had been expected to terminate in the course of a few months fatally. The upper part of both her lungs was filled with tubercles, and in some places were beginning to soften. The case was evidently a bad one. The treatment of Cod Liver Oil was at first used, but without marked improvement. The Phosphate of Lime was then administered with the Oil, and the result, as in the case of many others, was soon apparent.—The patient was rapidly getting well.

This preparation does not like the Cod Liver Oil become rancid which makes it very desireable for Persons travelling as it keeps fresh for a long time.

Be sure and get the genuine, Manufactured only by ALEX'R B. WILBOR, Chemist, 166 Court Street, Boston.

ANOTHER SCIENTIFIC WONDER!

GREAT CURE FOR

DYSPEPSIA!

DR. J. S. HOUGHTON'S

PEPSIN.

THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water, will digest or dissolve *Five Pounds of Roast Beef in about two hours*, out of the stomach!

Pepsin is the chief element, or Great Digesting Principle of the Gastric Juice—the *Solvent of the Food, the Purifying, Preserving,* and *Stimulating* Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree curious and remarkable.

SCIENTIFIC EVIDENCE! Baron Liebig, in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be *softened, changed, and digested, just in the same manner as they would be in the human stomach.*"

☞ Call on the Agent, and get a Descriptive Circular, gratis, giving a large amount of Scientific Evidence, similar to the above, together with Reports of Remarkable Cures, from all parts of the United States.

AS A DYSPEPSIA CURER, Dr. Houghton's Pepsin has produced the most *marvellous effects*, in curing cases of *Debility, Emaciation, Nervous Decline,* and Dyspeptic Consumption. It is impossible to give the Details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs, upon the Digestive Organs, after a long sickness. Also for excess in eating, and the too free use of ardent spirits. It almost reconciles *Health with Intemperance.*

Dr. Houghton's Pepsin is prepared in Powder and in Fluid form—and in *Prescription* vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is Not A Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price, One Dollar per bottle.

☞ Observe this!—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copy-right and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines. Agents, R. R. HAZARD & CO., Apothecaries' Hall, Newport, Wholesale and Retail Agents.

"A LITTLE KNOWLEDGE IS A DANGEROUS THING."

THIS saying has but a partial application.—A very little knowledge of the physiology of the hair teaches that want of care deprives many of that most becoming ornament to the person. Those who would desire to preserve their heads from baldness, cure thinnesses on the scalp, prevent discoloration, and secure a glossiness and softness of texture, should use Bogle's Hyperion Fluid.

Many look upon the process of shaving as one which requires a merely mechanical attention to accomplish perfectly. It is not so. The conditions which furnish the speediest and easiest accomplishment are a healthy state of the skin, and a suitable lather to preserve its soundness.—Bogle's Amole is the most approved article for softening and smoothing the skin, and imparting to it an elasticity inconsistent with any chance of irritation, or eruptions which follow it. Sold by Wm. Bogle's Agents.

LOVET'S WAHPENE.

THIS admirable preparation for restoring the hair, in cases of baldness, preventing it from falling off, and restoring the natural color of the hair, where it has become grey, rendering it clean, luxuriant, and glossy, preserving the rich appearance of youth, even in old age,—and restoring every hair to its original shade, by its invigorating power upon the bulbs that furnish nutriment and color to the capillary tube, still retains its unparalleled popularity. If the directions are strictly followed, and the hair is not restored to its original color, as promised, the money will be returned, as per Warrantee of H. T. A CARD.

DOCT. F. GOURAUD,

Medical Doctor, a graduate of the Academy of Medicine and Surgery of Paris, France.

SURGEON OCULIST, DENTIST,

AND PROFESSOR OF CHEMISTRY.

has the honor to apprise the Ladies and Gentlemen of Newport and vicinity; and, in general his old acquaintances and former patients, for this sixteen years past, that he has begun anew his former practice of Medicine and Surgery, at his Dwelling No. 18 Bridge Street, where he offers his professional services to them, as a Surgeon Dentist and Oculist: his long experience and reasonable warranties, given to those who place confidence in his skill, dexterity and performances in giving general satisfaction, will have the merit to assure an enlightened public that their patronage will not be met with, under regard to their trust either for themselves or their children in regulating the defects of their teeth in the different operations performed in the art of Dentistry upon them.

As a Surgeon Oculist, in the varieties of diseases either chronica, inflammatories or accidentals, which afflict the Eyes and the Sight, either in young subjects or older ones: the Doctor during his late sojourn in the city of Paris, has by deep scientific and laborious studies, rendered himself eminently acquainted with them, principally with those concerning the operations performed on STRABICS SUBJECTS, or Squint Eyed.

This delicate operation which gives immediate relief to an awkward and disagreeable deformity of nature, performed by a skilful operator, is reduced to about 30 seconds, or, to the farthest, to one minute's anxiety; and, no other hurt or sensation than the feeling of a mite of sand, entering under the Eyelids; or the prick of a fine cambric linen needle, introduced in the flesh; as an evidence, the only sight or inspection of the instruments used in performing the operation, will be all sufficient to induce a Strabic, without any hesitation to desire the immediate performance of the operation.

It is necessary here to state, that in 1841, the Doctor was the First practitioner who introduced and performed the operation of strabismi, in the city of New York, upon 24 Strabics subjects, with an indisputable success, after having operated upon upwards of 300 in France.

He will also be prepared at all times to carry passengers to and from the boats.

He has accommodations to board 15 horses for the season, and will give them as good stall, fodder, &c., as can be afforded at any other stable in town. All orders left at 181 Thames street, at the United States Hotel, or at the stable, will be punctually attended to.

THE ONLY ORIGINAL AND GENUINE

CLIREHUGH'S TRICOPHEROUS!

Let those now use
Who never used before,
And those who always used
Now use the more.

REDUCED FROM ONE DOLLAR

TO FIFTY CENTS PER BOTTLE!

THIS justly celebrated and widely known compound which for sixteen years has met with distinguished success wherever it has been introduced, is now reduced to such a low price as will enable it to be within the reach of all, as it is the cheapest as best article now in use. Its curative properties are almost miraculous: Scald Head, Salt Rheum, stings of insects, and all the numerous train of disagreeable cutaneous eruptions disappearing as if by magic.

ITS STRENGTHENING AND STIMULATING qualities are unrivalled, rousing into action the nerves and blood vessels which carry nutriment, imparting health to this greatest of nature's adornments (a beautiful head of hair) to the latest period of life.

FOR ERADICATING DANDRIFF it is unsurpassed. Cleansing the skin completely of every impurity, leaving the hair neither gummy, or dry, but moist soft and silky. It is superior to oil to dress the hair as it does not soil the hat or head dress and keeps it longer moist.

THE TRICOPHEROUS has gradually risen in favor with the public, by its own merits and not like the puffed and ephemeral compositions existing to day and swallowed in oblivion to morrow, until it has become one of the staples of life, and looked for by all as one of the necessaries of the toilet and medicine chest.

The known popularity of the Tricopherous has occasioned many spurious articles, bearing outwardly the same name and character. Ladies and Gentlemen purchasing must therefore be careful to ask for CLIREHUGH'S TRICOPHEROUS.

Prepared by Vier Clirehugh, New York, and for sale by his only wholesale and retail agents.

LYON'S KATHAIRON, FOR THE HAIR.

IF past unrivalled popularity, and and unprecedented rapid daily increase in public favor, are any tests of an articles merit, high merit must surely be awarded to Lyon's Kathairon. The fact is, those who use Lyon's Kathairon once, will never use any thing else; and why is it? The Kathairon every one finds just what it claims to be. They find it will prevent scurf and eradicate dandruff. If the hair is falling off, it stops it. The scalp is speedily restored to its natural state, the secretive vessels become lively and healthful, and consequent unwonted growth and vigor is at once imparted to the hair.

As a toilet article the Kathairon is without equal. It gives to the hair a pleasing perfume, a richness of lustre, beauty and luxuriance that no similar preparation can possibly give.

FORMODENTA.

STRANGE, indeed, that so few realize how essential to female beauty, and manly elegance, are a fine set of polished teeth; nothing contributes more toward it; nothing detracts more essentially from it, than neglected, and consequently discolored and disfiguring teeth. They are essential to health as to beauty, for it is impossible to inhale through decayed or unclean Teeth, without affecting the lungs and stomach, frequently to a serious extent. In offering as a remedy for this evil the FORMODENTA, MESS. HAZARD & CO. are satisfied that they furnish at once the most perfectly safe, elegant, agreeable, effectual, and withal cheap preparation known for cleaning and polishing the Teeth, hardening the gums, purifying and perfuming the breath.—In its present improved state it has recieved the approbation of every one who has used it, and is just what it assumes to be. For soft, receding or diseased gums, the AMBER GUM WASH accompanies it, producing a rich and agreeable lather in the mouth, cleansing it effectually, and will cure any ordinary disease of the gums in a short time. SODA WATER.

IN offering again this delightful beverage to our customers, we feel confident that we now furnish it of an unsurpassable quality, and in a greater variety of styles than it has ever been used in this country. Our fountains, coolers, draught tubes, &c., were manufactured for us expressly, in New York. The water is furnished by Rushton, Clark & Co., whose celebrity is universal as the first manufacturers in this country, is undeniable, and the Syrups in great variety are prepared at our own Laboratory, from ripe fruits, and unadulterated materials. Three years' experience in their manufacture, in the Living House Drug Store, New York, enables us to promise purer and richer syrups than can ordinarily be obtained. Our list, for the season, which will be completed as fast as the fruits can be procured are,—Strawberry, Blackberry, Rose, Vanilla, Pine Apple, Nectar, Ginger, Orange Flower, Peach, Moka Coffee, Chocolate, Tonic, Raspberry, Cherry Fruit, Orgeat, Lemon, True Sarsaparilla, Orange, Gumarve, Yolk of Egg, Quince, Red Currant, Calamus, Wild Cherry. Our coolers are on an original plan, and produce an amount of cold unattainable by the ordinary method. Our fountains will be in operation during the summer, the sale being suspended on the Sabbath.
